

Not another scraped list. Every place — real Ahrefs DR, junk cut, dofollow-checked.

Backlinks that actually work.

496 places to get backlinks for your SaaS or startup — with the **real, live Ahrefs Domain Rating** on every one, the dead pages killed, and the top picks inspected link-by-link so you know which pass real SEO value. No guessing. No fluff.

ON THE TOP PICKS

25 products · millions of organic visits · I use these exact places myself. · Domain Rating by Ahrefs.

How to use this without getting penalised by Google.

The 2026 reality: **quality beats volume, hard**. One dofollow link from a real editorial site outranks fifty nofollow blog drops — and Google now treats a sudden spike of low-quality links as a spam signal.

- ① Start with the **Verified & Recommended** picks (next page) — dofollow-confirmed, with exact steps.
 - ② From the full database, pick **5–10 places** that fit your niche and have solid DR. Don't chase the DR 90+ giants — they won't publish a solo founder.
 - ③ Pitch **genuinely useful** content. Space submissions over 2–4 weeks — never blast all at once.
 - ④ After publishing, check your own link for `rel="no follow"`. Keep the dofollow ones; drop the rest.
-

DR = Ahrefs Domain Rating (0–100), pulled live. Higher = stronger backlink profile. A DR 40 on-niche site you can actually get into beats a DR 90 you never will.

Start here — the ones I personally verified.

Dofollow status confirmed by inspecting live article HTML. This section grows every week in the WhatsApp group.

1. Write a clear-thesis piece (600–2,500 words) on design/dev/UX.
2. Draft in a Google Doc; email the link to submit@alistapart.com.
3. Work their edits → publish with a dofollow author link.

Pitch smashingmagazine.com/contact/ — 200–300 word outline first

1. Outline a genuinely useful technical article (no promo — they reject it).
2. On approval, write it with your editor.
3. Publish with byline + dofollow bio link (they pay you).

Addicted2Success

Submit to write@addicted2success.com

1. Email to agree a topic (pre-approved).
2. Write 800–1,200 words as a Google Doc with bio + up to 2 dofollow links.
3. Pay invoice → live in 3–5 days.

SOCIAL / SEO / MARKETING

FREE

Submit to editor@socialmediarevolver.com

1. Email details, site URL, 1–2 samples.
2. Write a 1,000–1,500 word unique article + image with your profile-box links.
3. Verify your link is dofollow post-publish.

Already cut for you (so you don't waste time)

✗ **Hongkiat** — every external link is nofollow (verified). Zero link value.

✗ **ReadWrite** — submissions closed, pivoted to gambling news.

X Guardian / WSJ / Mashable — DR 90+ but unreachable for a solo founder. In the list, labelled aspirational.

All 496, sorted by real Ahrefs DR.

Every row is a live, clickable submission link, highest DR first. The famous mainstream names (Guardian, WSJ...) are tagged **HARD** — real DR, but you won't realistically land them as a solo founder. Your wins are the untagged DR 40–85 editorial sites. Aim there.
